

Office Memorandum • UNITED STATES GOVERNMENT

TO : DAD-C/RR

DATE: 22 July 1952

FROM : Chief, D/E

SUBJECT: Semi-Annual Report

1. Herewith are our ideas, on short notice, on economic defense intelligence for the Semi-Annual Report.

2. A general comment previously suggested: the report is somewhat optimistic.

3. Picayunes:

Page 4: "intelligence~~contracted~~" etc.
"gives intelligence a knowledge"

7: "data is"

10, second line: substitute "intelligence" for "research". Research was dealt with in (A); the title of (B) does not refer to research. This is typical of the frequent use of intelligence and research as if they were synonymous.
